Appreciation for mail hosting and request for support in transferring hosting

Greetings from the AFTLD Secretariat.

AFTLD appreciates the support that TCRA has extended to the Secretariat by hosting the organization's email server and mailing lists for some time.

As part of the reorganization of the Secretariat's operations to make it more efficient and effective, the Executive Committee plans to consolidate all resources at the Secretariat hosted by the Kenya Network Information Centre to enhance management and monitoring of the quality of service. We therefore wish to request that the email and mailing lists be transferred back to the Kenya Network Information Centre for easier Management.

We appreciate the support TCRA continues to extend to the AFTLD secretariat and thank you in advance for supporting a seamless transition.

Yours Sincerely

Eyitayo Iyortim
President
